

# Modern Day Cleaners

Seminar

Tuesday 1<sup>st</sup> October 2024 at 19-15hrs

The Southern Branch of The Institute of Materials Finishing is pleased to announce the above upcoming seminar.

Our speaker is Neil Paton from Atotech UK Ltd and he will be discussing the following topics:

- Basic overview of soak cleaner composition
- Considerations of typical components in soak cleaners & operating conditions
- Testing efficiency and capabilities of soak cleaners
- New soak cleaner developments & benchmarking results

The seminar will be held over the 'Zoom' platform.

If you wish to join us for this seminar please contact:

Helen Wood via [helen@materialsfinishing.org](mailto:helen@materialsfinishing.org)

We look forward to seeing you.
